Gluten Free at The Alex

If you are ordering and have any dietary requirements please do come to the bar to order, this is to allow us to help you get the best service and have the same stand out food that we serve for all.

When ordering do make clear if you are Coeliac or if it is an intolerance / dietary choice, this will help us guide you on what things are possible for you to have and make you aware of anything that may involve cross contamination.

We do have a dedicated gluten free fryer so don't worry, our chips and sides are still available for you. On this menu you will only find things we can guarantee to make Coeliac safe.

Due to the moving Mountain Patties we use for vegetarians containing gluten we can not offer these for Coeliacs.
